Welcome, and I am very happy to help you

I love Germany, my uncle is a programmer working in Berlin.

God give you support for your husband

Thanks for your feedback. I don't really know you but I am doing it with trust and honesty, I know my message will come as a surprise since we are just meeting, I lost my husband on August 16, 2017, While I was struggling with illness and cancer for a long time and my doctor said that the current period is not under control and I have a few more months to live. Before the death of my husband, He worked a contract with the British government's value of \$ 2.6 million dollars, but death took him away before the money was deposited into my bank account.

My husband was a philanthropist before his death, he encouraged me to help the poor and the orphanage, because since we got married, we were unable to have children. I contacted you because I want you to help me with this charity project. Due to my health condition, I sent one million dollars to my home town (Germany) to help the poor over there and Six hundred thousand dollars was sent to the hospital for my medicine.
